

DR. ZIMBLER

MARC S. ZIMBLER, MD, FACS

Experience, expertise
and compassion—
all with the eye of an artist

CONSIDERED ONE OF NEW YORK'S TOP AESTHETIC surgeons, Dr. Marc S. Zimbler is a recognized expert in the field of facial plastic surgery. His skill and dedication have brought him numerous accolades, including being named to the *Super Doctors* list.

Limiting his practice to only the face, Dr. Zimbler specializes in short-scar facelift, rhinoplasty and cosmetic eyelid surgery. His state-of-the-art techniques and minimally invasive procedures result in the smallest possible scars with the fastest recovery. "We stress subtle cosmetic procedures, which enhance rather than change one's appearance," he says. "Our patients look true to themselves—only better."

An expert in the field of reconstructive surgery, Dr. Zimbler specializes in skin cancer surgery and Mohs reconstructive surgery. Dr. Zimbler works with many of New York's top dermatologists to deliver the most comprehensive skin cancer care.

Trained at some of the most prestigious medical institutions in the nation, he is one of a handful of surgeons in Manhattan who are double board-certified in both Facial Plastic Surgery and Head and Neck Surgery. The Vice-President of the New York Facial Plastic Surgery Society, he is a Fellow of the American College of Surgeons and a Diplomate of the American Board of Facial Plastic and Reconstructive Surgery.

For nearly a decade at Beth Israel Medical Center, Dr. Zimbler has served as the Director of Facial Plastic and Reconstructive Surgery in the Department of Head & Neck Surgery. An Associate Professor of Medicine, he is actively involved in medical student education and serves as the Director of Residency Training.

Our private office, located on Fifth Avenue's museum mile, provides the ultimate environment for cosmetic consultation.
